### HIGHLIGHTS

- High quality Japanese glass with enhanced clarity.
- First focal plane reticles stay true at every magnification.
- Heavy duty, high-strength construction 34mm tube.
- Partial red reticle illumination is night vision compatible on the lowest settings and daylight bright on the highest.
- Precise, tactile, and audible 0.1 MIL click adjustments with Zero Reset.
- 1-8x magnification range has red dot speed for close quarters and is accurate at medium range.
- Waterproof, shock resistant, and fog resistant.
- ACSS Griffin MIL reticle provides an all-in-one package for close quarters and even very long range shooting.
- Durable hardcoat anodized black finish.
- Made in Japan.
- Backed by our Primary Arms Lifetime Warranty.
